

Auto Laser Pro

Product Description:

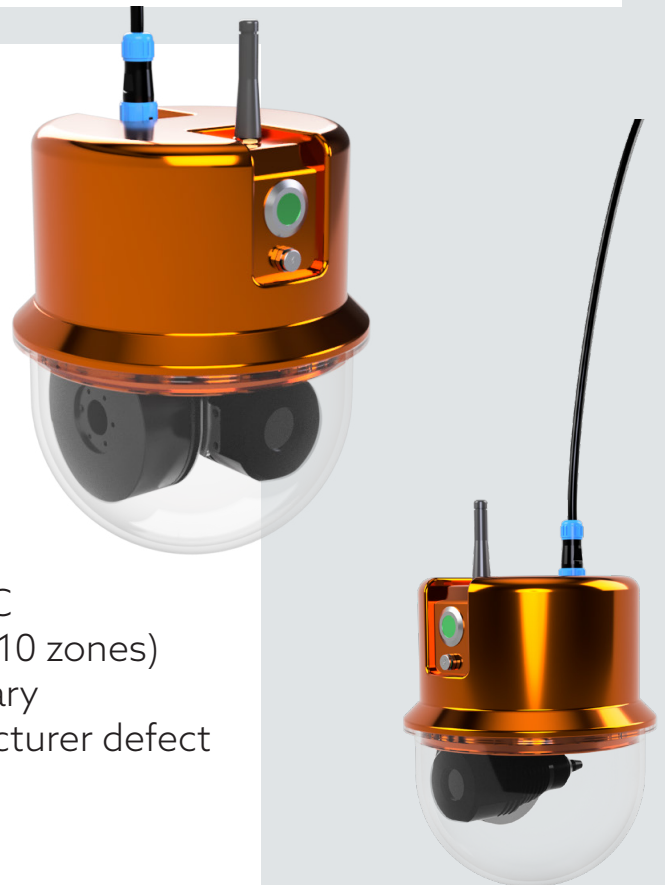

Building on the smarts of the Birdzout Auto Laser Ultimate, The Birdzout Auto Laser Pro Unit is the compact version. With the ability to be mounted either upright or upside down, it's particularly suited to warehouses and indoor environments where mounting flexibility is essential.

The Auto Laser Pro automatically pans and tilts across a user-defined zone and are a highly effective way to deter birds from large areas.

Saving time, money and labour, a cost effective bird deterrent system.
